Attachment A

On February 9, 2022, United States Border Patrol (USBP) Agents were conducting line watch operations in the Garceno area of Starr County, Texas. At approximately 0450 hours, Agents observed several individuals illegally cross into the United States from Mexico and were seen carrying backpacks. Agents then observed one male, later identified as Seferino GARZA, make contact with the subjects who had illegally entered the United States. GARZA then retrieved the two backpacks from them.

Once GARZA had possession of the backpacks, the unknown individuals who crossed from Mexico returned to Mexico while GARZA began to walk north continuing toward Old Highway 83. At that time, Agents identified themselves and attempted to make contact with GARZA. GARZA then dropped the backpacks and began to flee on foot. Agents deployed a police K9 and GARZA was taken into custody approximately forty feet from the backpacks. USBP Agents advised that the entirety of the incident was recorded via aerial surveillance.

Agents examined the backpacks and located twenty (20) bundles totaling a weight of 23.5 kilograms. Agents conducted a field test of bundles indicating a positive test for cocaine.

GARZA was transported to the Rio Grande City Border Patrol Station and advised of his Miranda Rights. GARZA declined to provide a statement or answer any questions and requested an attorney.
